

AI DECLARATION FORM FOR STUDENT OUTPUTS

Name: Acula, Ralph Gabriel

Program: BLiS

Course: FOUNDATIONS OF LIBRARY AND INFORMATION SCIENCE

Date: 01/05/26

Title of Project/Requirement:

PURPOSE OF AI IN LEARNING

AI Tool and Technologies used (*Identify the different AI Tools you used for your requirement*)

CHATGPT

Purpose of Use (*What is your primary purpose for using the AI Tool?*)

To help me summarize a part of the article

AI Prompt Documentation

AI Prompt Use (<i>I used the following prompts</i>)	Actual AI Answer	Purpose of Use (<i>I used the AI tool for...</i>)
Provide me a summary of the two faces of LIS as described in this article	Vakkari distinguishes between two primary modes of scientific organization within the discipline: Fragmented Adhocracies (LIS context, L&I services, and Information Seeking): These sub-fields are characterized by high task uncertainty and low mutual dependence. Technologically Integrated Bureaucracies (Information Retrieval and Scientometrics): These sub-fields exhibit low task uncertainty and high mutual dependence	AI was used to summarize the two primary modes of LIS as described in the article as I was having some trouble understanding the two said modes.

I/We acknowledge that I/We have understood the guidelines on the proper use of AI in the classroom as discussed on the orientation day of our class. I/We commit to using AI tools responsibly and ethically, ensuring that their use supports my learning while upholding academic integrity. I/We agree to verify the accuracy and credibility of AI-generated content and to disclose its use in my work where applicable. I/We understand that failure to adhere to these principles may result in appropriate academic or disciplinary actions and a score of zero for this output.
